To: Hiring Manager

As a volunteer social media content designer for Journey Christian Church over the last year Sandy Lee has done a great job of designing unique content for our social media platforms including Facebook, Instagram, Twitter, and setting up and managing our YouTube channel configuration and playlists. Her attention to detail and willingness to serve with her skills has been such a blessing. She's managed scheduling of daily content and created some beautiful promotional flyers in various sizes for us. She'd be an asset to any team.

Sincerely,

Lisa M. Henson Office Director
